

RACHANA TATHED

Senior Product UX/UI Designer · Enterprise UX · Human–AI Systems · Product Strategy

Pune, Maharashtra | +91 808 744 8190 | tathedrachana14@gmail.com | Portfolio | LinkedIn

EXPERIENCE

athenahealth Pune, India

Senior Product UX/UI Designer, AI & Core Product Jul 2024 – Jul 2026

Ambient Notes · 0→1 Human–AI Product

- Led 0→1 UX for clinical AI documentation, supporting phased rollout to 3K+ providers on a platform serving 1M+ patient encounters.
- Designed verification, inline editing, uncertainty, and error-recovery patterns to keep clinicians in control of AI-generated documentation.

Impact: 84-90% AI section acceptance · 3.6 min saved/encounter · 90%+ same-day completion · 36% fewer after-hours notes

athenaText · Enterprise Communication

- Reframed a stabilization backlog into a communication roadmap for 203K+ monthly users, using research and product data to prioritize information retrieval and message management.
- Designed and shipped search, AI-suggested replies, reactions, and unread states to improve how users find, respond to, and manage conversations.

Impact: Search satisfaction: 2.2 → 4.4 · 48% adoption · \$100K+ annual savings

Medical Billing · AI Decision Support

- Led UX for AI-assisted medical coding, designing rules-driven guidance, editable recommendations, error states, and review interactions for expert workflows.

Impact: 40% fewer billing errors · 33.4% reduction in claim rejections.

Practice Files · Enterprise Document Workflow

- Redesigned file management from a static table into an operational workflow with search, bulk actions, status, notes, and activity history.

Impact: 25% improvement in task efficiency through faster retrieval and reduced repetitive work.

Associate Product Designer, Systems & Infrastructure Jan 2022 – Jun 2024

Platform Services · Journey & Workflow Design

- Mapped 10+ end-to-end user journeys to identify recurring pain points and define a reusable workflow model for adoption across the zone.

Impact: Targeted 4x improvement in customer satisfaction through core initiatives.

Design Systems

- Built a reusable component and interaction library.

Impact: Across 3+ teams and 40+ components · improved design-to-engineering consistency · reduced implementation fragmentation.

LEADERSHIP & INFLUENCE

- Led cross-functional discovery workshops to frame ambiguous problems, map workflows, and align product direction.
- Established design critiques and mentored junior designers, successfully reducing ramp-up time from 30 to 15 days.
- Conducted User Journey Mapping research and contributed the framework to the company's internal research repository.
- athenaWomen Leadership Team · Served 2 years — led 8+ professional events with strong participation and feedback.

CORE SKILLS

STRATEGY

Product Strategy · Product Discovery · 0→1 Product Design

DESIGN

Interaction Design · Human–AI Interaction · Enterprise Workflow Design · Information Architecture · Prototyping

User Research · Usability Testing · Journey Mapping · Research Synthesis · Workshop Facilitation

DELIVERY & LEADERSHIP

Design Systems · Cross-functional Leadership · Stakeholder Communication · UX Evangelism

TOOLS

Figma · Figma AI · Mural · FigJam · Marvin · Amplitude · Dovetail · Confluence · Jira · ChatGPT · Claude

RECOGNITION

"A standing ovation for always going above and beyond. Innovative approach to problem identification, workflow streamlining, and fine-grained solutions is simply mind-boggling."

— Mukundan Chandra
Director, athenahealth

ADDITIONAL ACHIEVEMENT

Healthcare Emergency Access App

1st Place Award

Designed a mobile experience to find hospitals, check availability and specialties, request an ambulance, and complete pre-arrival procedures. Won 1st place, leading to an internship opportunity.

EDUCATION

Vishwakarma University

B.Des, Product Design · 2018–2022
CGPA: 9.2/10
